Assessor Comments	A line of 46 Droughtmaster Weaned Steers which have been bred on forest country and ready to explode. Sired by high quality Droughtmaster sires these steers have excellent length and have great feedback from past buyers. The temperament on these steers is a credit to the vendor, as seen in the videos they are very docile and easy to work. These steers are medium to large framed and would easily suit growing out for a heavy feeder market or grass fatten ox. Please note the vendor also has 12 Charbray weaned steers available privately if the purchaser requires more to fill trucks, contact Simon Kinbacher for more information.
