Easy to Handle Steers that have been yard weaned and handled moving around the property every fortnight. Respectful to humans, dogs and vehicles

Handled With: Bikes , Dogs , On foot , Vehicles

Assessor Comments: A Line of very good Shorthorn steers. They were weaned early in June 2023 and sent you Young on adjustment due to a deteriorating season at Merriwa. The steers have improved immensely in that time having good pastures in front of them.

	These steers will keep on the do but have to be sold from the current property. They will keep on the up during the spring and are starting to freshen up into their bodies. Easy enough to handle and will suit numerous jobs. Very tight birthing keeps them in a weight bracket from 300-400kgs with an overnight curfew. NOTE always ran with the heifers.
