	Very nice to handle cattle, they moved well through the yards and stood calmly for photos.		
Handled With	Bikes , On foot		
Notable Traits	Traits 3 Head Pink eye scarring		
Assessor Comments	A very nice run of backgrounder heifers, these heifers would normally be retained and grown out for feeder heifers or kept as future breeders. They are only being offered for sale now as seasonal conditions deteriorate in western vic. These heifers have been getting adlib hay and also getting a ration of crushed barley daily, making them well suited to continue to be fed. These heifers have plenty of stretch and frame and are starting to shape up nicely. The heifers with pink eye scarring can be removed at buyers request. Please note this vendor has another lot of steers up as well. Vendor is also offering delivery until the 20/7 to allow successful purchasers the ability to top trucks up at WVVLX store sale on the 18/7 with 5,500 head there.
