| Assessor Comments | An excellent line of 71 vendor bred angus x weaner steers. Steers have been weaned and in store condition and will perform on any pasture. Steers are out of mainly angus and santa cows by stud Nindooinbah and Texas angus bulls, have all been worked with dogs at weaning and have had two doses of 7in1. A handful of steers appear to have slight scarring from flybite or some ring worm but this is not detrimental to their health Please note the heifers to these are also on offer. |
