Assessor Comments	A good quality line of vendor bred Angus heifers presenting in good healthy store condition. Heifers would suit backgrounders or feedlotter or also for a potential buyer to retain as future breeders. PLEASE NOTE: one heifer has slight blight scarring in one eye - see photos for more details. Heifers are located just east of Inglewood on highway for easy trucking accessibility. Vendor has tried their best to ensure heifers are empty with all heifers being treated with Ovuprost.
