Assessor Comments	On offer are 22 vendor-bred Angus heifers. These heifers are 11-12 months old with an average live weight of 322 kg, assessed after a 5-hour curfew. They are suitable for growing into heavy feeder weights or export weights, or as future breeders. The heifers worked well through yards and crush. All have been weaned, making them great candidates for fattening on crops or good-quality pastures. Please note that the same vendor will also offer 15 Angus steers in the same sale.
