	Cattle generally good to handle throughout yards at assessment. Odd steer didn't appreciate the confinement of the crush environment but was quick to settle upon leaving.

Assessor Comments	Very well bred line of Angus steers showing very good performance. Vendors spares little expense in acquiring his genetics and it shows through the conformation of these steers. They show very good frame and are a 2nd draft for the year. 300-380kg at assessment they carry a clean bill of health and ideal to take onto heavier weights. Noted in group 1 steer with very small eye scarring not affecting the performance of the animal in any way. Please call for further information. Vendor also offering a lead group of angus steers in the same sale.
