Assessor Comments: A line of well bred young angus cows PTIC to high marbling wagyu bulls. They are 3-4 years old & are bald rock angus/Landfall angus bloodlines, bought specifically targeting the top end of the F1 feeder job. With this in mind they are PTIC to a high standard of wagyu bulls: BWEFR0031, SAMFS56 & TBRFS148 (boasting marble scores of 3.1, 2.4 & 2.3 respectively). They present in store condition, with plenty of potential for compensatory weight gain and/or plenty of breeding years ahead of them. They are not a line that the vendor would usually be offering to sell, however they are pushing their calving window forward, and these girls fall outside of that window.
