Assessor Comments	48 PTIC Heifers and young cows & 5 cows PTE with 5 calves at foot, 80% are 2022 marked, 10% 2023 @ 10% 2021. A nice line of young females to take on and calve down with many years in front of them. A small % of these have just had their first calf weaned off hence some lighter conditioned cattle that are a bit dryer and hairyer in the coat, generally they are in good forward store condition ideal to calve down.
