Assessor Comments	Buyers, an opportunity presents itself with these 137 Droughtmaster store heifers. Vendor bred, on light forest country with generations of GLENLANDS GENETICS, this line of heifers will explode given the opportunity on crop or better pastures. These heifers had a Live weight range of 197kg - 342kg and will have a delivery weight of 263kg curfewed. These females were all mouthed at assessment with milk teeth. Booroondarra have always selected quality sires from the industry leading GLENLANDS DROUGHTMASTER stud, to use in their Droughtmaster single sire herds and muliple bull programs. These cattle are highly sought after by many end users & feedlots for there performance and gradings. These heifer rarely get sold as store females on the open market. This line of heifers have been pretreated to assist tick free buyers with tick clearing protocols. Vendor has another lot in same sale.
