Assessor Comments	Here is a very good opportunity to purchase weaned F1 Wagyu / Brangus cross heifers that will power ahead given the opportunity. These heifers have been weaned for over 7 weeks and have had all the hard work done and are ready to go on and perform for the successful purchaser. This line of heifers are the annual turnoff of F1 progeny which have had the tail removed from the mob. Please note 4 heifers have white around the muzzle and 10 heifers show a brindle tinge in their coat.
