	Nice quiet heifers that were easy to handle through the yards and crush. One heifer got slightly agitated while working through the yards but mostly due to increased pressure from the tighter yards. She settled nicely when allowed back with the mob.		
Handled With	Bikes , On foot		
Assessor Comments	A nice small lineup of good quality Limousin and Limousin cross heifers on account of the Dalby State High School. All weaned and started on the oats, these heifers are ideal backgrounders to be put back onto oats to get up to feeder weights or have the quality and temperament to be kept as breeders. These heifers ooze softness and have great structure with plenty of length and depth to them. Well handled heifers that suit any market. The vendor has another lot in this sale of 6 Apricot Limousin cross heifers that could be put together to make a nice body load.
