Handled With	Nice quiet heifers that were a pleasure to handle through the yards and crush. Bikes , On foot
Assessor Comments	A nice small lineup of good quality Limousin cross heifers on account of the Dalby State High School. All weaned and started on the oats, these heifers are ideal backgrounders to be put back onto oats to get up to feeder weights or have the quality and temperament to be kept as breeders. These heifers ooze softness and have great structure with plenty of length and depth to them. These heifers are easy to handle, they are used to being handled on bikes and are very quiet in the paddock. The vendor has another lot in this sale of 6 Black Limousin cross heifers that could be put together to make a nice body load.
