Assessor Comments	On offer are a quality line of 24 Euro X weaner Heifers that are 8-10 months of age and average 245kg at assessment. Bred from large frame Charolais & Hereford Cows by leading Wondenia Fleckvieh Bulls. These Heifers exhibit outstanding breeding quality, massive amount of bone to go on with, heifers to take on to trade into feeder markets or would be perfect for a trade kill if shown the feed, also the option to breed, would make big Cows and great matrons in the future. They are coming through a tough winter in the Central Tablelands and are ready to explode, shown some feed with a cracking Spring season on the Horizon. Great opportunity to purchase some ideal cattle to take into the Spring, in a RISING market with huge confidence heading into a very promising Spring season. Please NOTE - Vendor has steers offering in same sale. BUY WITH CONFIDENCE
