Assessor Comments

Buyers, on offer is a very well bred line of Milwillah, Hardhat and Springwaters Angus Steers. Steers demonstrate all the attributes of quality breeding and show good bone and length. Steers have been weaned for 6 weeks and have since been

running at high stocking rates on pasture. Steers are the second draft for the year and were weighed above 250kg at assessment with a tail retained. Given the opportunity, these steers will perform well and are ideal to take onto heavier weights. Please note, the odd steer displays a patch of their coat removed from mange scarring. Also, the odd steer displays warts around the face. The vendor additionally has 54 heifers in the same sale***
