	The Sam cattle are normally very quiet and placid to work and these guys are no exception. They are very easy to walk through in the yards and in the paddock and they take instruction well.

Assessor Comments	A very nice line of Speckle Park steers that are ready to boom away on good feed. They will grow into impressive steers with excellent confirmation and have heaps of style, depth and muscle. They will make magnificent grown steers with the right feed and management. The blacks are also Speckle Park blood with sires in use from Fish Creek and Wattle Grove. Highly recommended for those looking for quiet cattle that are ready to fly on good feed.
