Assessor Comments	Buyers, on offer is 56 PTIC Santa Gertrudis / Braford cross cows all PTIC to Santa Gertrudis & Braford bulls . Cows show all attributes to make ideal replacement breeders with cows showing plenty of length and depth whilst still showing good femininity. Cows were all pretested by Christine Powell vets and were tested on 26th of June 2024, all cows being 5 - 8 months in calf at time of sale. Cows are proven breeders with the majority having had 2 -3 calves. This group has plenty of breeding years left in them and would be an asset to anyone's breeding operation. Cows are only being sold due to vendors change in direction. Buyers vendor also has another 2 x 3 deck lots in same sale. Cows were assessed in no particular order placed into 3 x deck lots. Cows had big weaners pulled off at assessment, please see last two photos for examples of weaners. This is your chance to secure genuine breeders that are not offered very often.
