Assessor Comments	A lovely line of angus x PTIC cows, these cows are nearly all vendor bred and are only being sold due to the vendor wanting to slow down and travel. Cows are all angus x cows and preg tested in calf to an ultra-black bull, usually these cows would be calved out and the weaners sold at one of the Silverdale Weaner Sales. All 24 cows are extremely quiet with a handful able to pat, please refer to the videos to see just how quiet these cows are. The vendor is a vet so health treatments on these cows are fully up to date and looked after to the best of their ability. Buyers please note the vendor will deliver these cows to Silverdale Saleyards and pay for all clearing charges. DISREGARD THE WHITE BULLOCK IN SOME PICS/VIDEOS AS HE IS A PET.
