	These cows and calves have a temperament that can only be described as docile. They were excellent to handle throughout the assessment process, each walked calmly off the scales and only complained when separated from their calves. Outstanding temperament across the board. They are happy to be walked through in the paddock by a stranger.

Assessor Comments	25 X 26 Excellent quality cows & calves. An opportunity to secure females with some of the best genetics in the Angus world. JR Exports have built their herd buying "curve bending" bulls, with low birth, high growth and focus on IMF and structure. Selling only due to the loss of a main lease block, these cows present in forward to prime condition, predominately large frame with excellent fresh calves at foot(1 set of twins). All but 4 of these cows are vendor bred on top end Lawsons & Te Mania genetics. Cattle that will not disappoint. Please note: Vendor is willing to sell bull currently joining cows(VTMQ1640) for \$5000+Gst to successful purchaser.
