Assessor Comments	4 decks of Crossbred steers that have been drafted into a very good weight range of 300-400kg to average 338kg at delivery. Steers are predominantly Red Angus, Speckle Park, Hereford and Santa X and were bought from Southern QLD and Northern NSW as weaners. These Crossbred steers were exceptional to handle through the yards and were photographed after a 24hr curfew. Steers are all HGP Free and present in store/forward store condition with good frame, providing a great opportunity to background them quickly into feeder markets. Please note there was 5 head with old pink eye scarring. Note - Cattle Assessment was completed by both Tom McLeish & Dean Fogarty.
