Very good to handle in the yards moving very calmly through the race & yards requiring normal blocking through gates. The odd steer doubled up in the race however block easily with a small number fidgety on the scales eager to exit the crush yet calm well when in the mob. Again like the heifers are very inquisitive in the photo yard - constantly following around not phased at all or startled.

Notable Traits

	Traits
7 Head	Entire males - good quality showing minimal or young secondary characteristics
1 Head	No tail - bob tail right at base
1 Head	Small swollen pizzle or small lump

Assessor Comments: Very good quality Santa, Santa cross & Char/Santa cross steers ideal to background to heavy feeder weight steers. Steers with good growth and frame to add weight - a small number close to a light feeder weight now . HGP free - good bone and stretch - very good quality. 7 entire males are from the Bendalla Santa Stud herd & could easily be castrated and not miss a beat as steers down the track - they are not too bully. 63 steers from the commercial Bendalla Santa herd - outstanding Santa cows and 70 from the "Paradise" cows - top quality enormous frame Santa, Santa/Char cross cows purchased in March 2023 that began calving out in August 23 from "Paradise Downs" Blackall - a highly regarded & top quality herd. 2 family brands. Assessed on a large dry curfew, trucked to Blackall and will be on hay until delivery - please consider any additional weaning or transport shrinkage over and above in your pricing.
