Assessor Comments	Buyers a great opportunity to secure a 3 deck line of Black heifers (with the exception of 5 hd of colored hefs to make bdouble). These heifers were all purchased by Vendor in 2023 as lightweight weaners and have grown out well on agistment country at Morven. Heifers present in good store condition with good compensatory gains to be had if put on oats or grain, ideally suited to the Woolworths domestic feeder market and have been drafted in to weight range to suit, alternatively they show the softness and breeding to suit the restocked to join : Please note 2 heifers observed with slight blue scarring in one eye and several with small amount of white on underbelly neither considered detrimental. The mob as a whole showed signs of lice rub marks on butt of tail and would benefit from a Lice treatment .
