Assessor Comments

Buyers a good opportunity to secure a good line of well bred Angus Heifers. These Heifers are bred in the purple being based on a foundation built using Glen Avon genetics for a number of years purchasing Bulls up to $25,000. Heifers would be an ideal article with the lead still remaining in these Heifers to secure a line of future breeders that would be an asset to any breeding operation. These Heifers would be an asset to any breeding operation or a backgrounding operation looking to take advantage of compensatory gains with these Heifers. Please note 1 Heifer with white around navel. 1 Heifer has a small lump on neck that has healed over from a grass seed.
