These heifers pushed and shoved in race, and some were pretty lively in weigh box however they settle down well once in yard and being photographed. Overall as backgrounder type heifers they will be fine.

Assessor Comments Buyers here's a line of heifers with plenty of frame and depth of breeding to grow out into good quality feeders or export slaughter bodies. These cattle have been well handled, properly weaned and have had no access to bulls since weaning. This vendor also has a line of steers in same sale. I recommend these backgrounder heifers.
