A quiet draft of Crossbred Steers. The assessment process went well, steers drafted away from Heifers well and went through the raceway to crush easily, a couple of steers got agitated and once released with the rest of the mob they quickly settled.

Assessor Comments	A good draft of Crossbred steers, these steers are ideal to go onto Crops and take on to Trade feeders. Last years steers were purchased and taken on to Export feeder weights. The Santa/ Charolais cross has given these steers plenty of bone and good length that will enable them to carry condition, with a drench and a paddock of Oats you would be happy with growth rates and performance. These are a nice draft of steers that will go ahead, they have had the training as weaners and have been electric fence trained. A great opportunity to purchase a line of vendor bred steers
