| Assessor Comments  | A well bred line of 9-11 month old Angus steers sired by Palgrove and Advance Angus Bulls. They are extremely quiet, very well handled and even in weight range. Present in healthy forward store condition and have been running on oats/ryegrass from 15/6/24 and will be returned to same until time of delivery. Theses steers have the attributes to make great backgrounders to go onto crop or grain. 1 steer has ringworm around the eye deemed not detrimental. |
