**Assessor Comments** A good line of weaned Angus X Heifers. These Heifers are good lightweight Heifers that present in good store condition and given good nutritional feed there will be compensatory gains to be had. Heifers were early weaned and since the past 4 weeks these Heifers have had access to a weaner pellet and since have gone ahead. Heifers are ideal for a backgrounding program to take through to suit Domestic feedlot or MSA markets. Please note same vendor same sale has the Steer portion also available.
