| Assessor Comments  | A NICE QUIET LINE OF WELL BRED ANGUS STEERS. Sired by the Hardhat Angus Bulls these steers have their "foot on the till," nice framed steers, that with sufficient nutrition will grow into a good line of steers to suit both feeder and export markets. Well handled cattle that worked over the scales well.                                                                              |  |
