Handled With: Bikes , Dogs , On foot

Assessor Comments: These are an excellent quality line of weaned Angus x Angus heifers. They are Rennylea Angus blood and would make great future breeders if desired. They were yard weaned in February and have been running on grazing crop supplemented with pellets. They are square, deep bodied females, in forward to condition and have continued to grow out well for

	previous purchases. They were individually weighed 300kg plus, full at assessment. Highly recommend.
