	Heifers were very sensible to handle throughout assessment. Brought from the back yard by a single handler, self loaded into the crush, and exited at a walk via the side gates, always remaining very calm. Extensively handled, and kept in a containment feed yard, making them very quiet and easy to handle. Let out for the photos/videos in to an unfamiliar paddock incited some joie de vivre, with plenty of kicking up & excitement until settling down & returning to their laid back disposition.		
Handled With	Bikes , Dogs , On foot , Vehicles		
Assessor Comments	Very smart line of Booroomooka Angus Blood Heifers. Cattle that have been well nurtured through the tough Autumn, never seeing a hard day or experiencing a set back, then brought in and continued on at lib silage. Good shaped heifers with excellent yielding potential. Big bones, good length, depth & added width thanks to that hybrid vigor. Cattle that have the temperament to be handled & enjoyed by even a mature aged farmer wanting a few head to take through the Spring & target a grass finished Supermarket job.
