Assessor Comments	14 Weaned heifers, Vendor bred, grass fed and antibiotic free. September-October drop heifers sired by Rangan Charolais bulls out of Hobbs Red Angus and Charolais cross cows. Well structured heifers that have been weaned since April and been looked after well through the winter. Given the opportunity and the coming spring these heifers will shape up into trade or export categories ready to put weight on with grass of ideal to grain feed. With excellent nature and temperament that would suit the most novice of handlers.
