Assessor Comments	This is a nice lot of EU Angus Heifers, that are very well grown and will put on a power of weight and condition if put onto some good feed. They have never been joined and would be suitable to join up later in the year, or background or take on and fatten. They are EU, PCAS eligible and Never Ever Acc. They are bred out of the renowned Nareen Station cow herd. Vendor has been using Weeran Angus bulls for over 20 years, and more recently also from Bowmont Angus. Selection focus has been on Birth Weight, 600 day growth, Milk, Fat and EMA. Some of the heifers have light rubbing on the neck.
