Notable Traits	Traits 1 Head Capped Hip		
Assessor Comments	Buyers, on offer is a neat line of 17 PTIC Charolais & Charbray infused cows. Cows are vet preg tested 5 - 8 months in calf to Maroobi Angus bulls, and age between 4 & 6 years. These cows would be ideal to boost breeder numbers or would be a great starter herd with a very short wait time before calves will be on the ground. With strong market predictions for the future, these cows will be ideal to calve out and either fatten and split, or join to the bull of your choice. Please note, one cow presented with a capped hip. Overall a great chance to purchase some young breeders with plenty of breeding years left in them, located 5 minutes from Wandoan QLD.
