Quality Grades		Store Condition	
Very Good	73%	Fwd Prime	31%
Good	27%	Fwd Store	50%
		Store	19%

Temperament

Yards	Crush	Paddock
Quiet: 50 head Slightly Stirry: 2 head	Quiet: 46 head Slightly Stirry: 6 head	Temperament not assessed in Paddock

The heifers were generally good to handle in the yards and through the crush. Six head were slightly agitated in the crush and would not stand still. All settled well once back together in the holding yard and remained settled when being photographed.

Handled With Bikes , Dogs

Assessor Comments A line of mostly very good to good quality, medium to large frame heifers. All pregnancy tested by a vet at assessment to be 4.5 - 8 months in calf. A file of heifer EID vs months in calf is also available post sale as well as pregnancy certificate. Heifers are by Gyranda & Kilterry bulls over Santa cross and Santa/Droughmaster cross cows and are in calf to Mooroobie Angus bulls (QBPP60, QBPQ23, QBPQ4, QBP21S29). The heifers are all vendor bred at either the vendors property in the Richmond district or at Salisbury creek.The heifers had a liveweight range of 420 to 600 kg full weight. Please note that two heifers have rub marks on the neck & face, not seen as detrimental. The heifers were mostly good to handle in the yards and crush. These are quality vendor bred heifers joined to good quality Angus bulls that should grow into good quality future breeders. Please note vendor is willing to load a comfortable & safe two decks at delivery with prior notice to the agent.
