Temperament	

Yards	Crush	Paddock
Docile: 4 head Quiet: 10 head	Docile: 8 head Quiet: 6 head	Temperament not assessed in Paddock

Very docile natured females. Had to push them around the yards by hand to draft, some even needing their tails pulled to drag out of the way! All led up the race very quietly & without hassle. Walked into the crush calmly and all exited at the same speed they walk in at - slowly! Very quiet females that could be handled by a stock person of any experience.

Handled With	Bikes , On foot , Vehicles
Assessor Comments	Very nice line of Ex stud cows. Big boned, proven fertility matrons thats are as long as battleships. PTIC to Days White face & Injermira Hereford Bulls. Docile natured, structurally sound females that make an excellent example of the Hereford breed. Much loved breeders that were joined up with the intention to calve down, only now, regrettably offered for sale due to the tightening of the season. These are extremely quiet females that have shown good fertility, all getting in calf within a short window despite the ordinary seasonal conditions at joining. Gestational aged at preg testing; on vets advice, heifers should commence calving around September 8th, and conclude around October 13th. Buyers please note. Vendor has another lot of the younger females in the same sale. Many are daughters to these females.
