Well handled cattle that would suit any purchaser, typical for bucket reared cattle.

Handled With: Bikes , On foot , Vehicles

Assessor Comments	A neat line of Speckle cross heifers with 3 second calvers. These have been joined to top quality Kookaburra Park bulls for a spring calf. Young females that have plenty of shape and class that will go on to produce neat speckle park calves, these females would compliment any vealer producer with a great temperament and are bred out of high producing medium to large framed friesan cows. These heifers were joined with the intention of being kept however are being sold as vendor is focussing on their dairy stock and winding back their beef herd.
