These Droughtmaster X steers were very good to handle throughout assessment, the very odd one becoming agitated in

	the race or crush but once they returned within the mob they remained calm.
Handled With	Bikes , Horses , On foot , Vehicles
Assessor Comments	3 decks of Droughtmaster X steers that have been drafted into a very good weight range of 300-400kg to average 342kg at delivery. Steers are predominantly Droughtmaster and Droughtmaster X and were bought from Southern QLD and Northern NSW as weaners. These Droughtmaster steers were good to handle through the yards and were photographed after a 24hr curfew. Steers are all HGP Free and present in store/forward store condition with good frame, providing a great opportunity to background them quickly into feeder markets. Note - Cattle Assessment was completed by both Tom McLeish & Dean Fogarty.
