	Heifers are very well handled which is a credit to the vendor and his team, some heifers slightly stirred up in the crush especially when being put in the head bale but once back in the mob were no problems at all. Mt Flora is well known for their well educated and well-handled cattle.		
Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , Horses , On foot , Vehicles		
Assessor Comments	A neat excellent line of 3 decks of vendor bred Droughtmaster and Droughtmaster x heifers. A combination of number 3's and 4's these heifers would make an excellent line of future breeders with a second to none temperament which is a credit to the vendor and his team for the way these heifers have been well educated with horses and dogs. Heifers would also suit someone wishing to background and fatten as majority of heifers have a great frame already and are renowned performing cattle. Buyers, please note the vendor has plunged dip these heifers for a pretreatment for ease of movement into clean country but it is the buyers responsibility to pay for clearing costs.
