	Although station bred cattle used to running in big mobs, Cattle worked very well without stress in good yards with		

Handled With	experienced stock handlers. Were assessed without stress. Aerial (Helicopters, gyro's and planes) , Bikes , Horses , On foot , Vehicles
Assessor Comments	On offer by "Mannion Pastoral" Ex Lake Wallace stn are 94hd of the annual draft of 2023 drop Angus cross steers. At assessment weighed 270-500kg to average 346.5kg. Sired by Larrikin Angus bulls over Angus, Hereford and very small percentage Angus cross cows. These steers have matured well with the season in the far west and present in forward store condition. Being 7-12 months of age steers are showing good growth, stretch and muscle for age and have previously preformed well in the paddock and feedlot alike. Although used to running in big mobs in large paddocks these cattle have been well handled showing good temperament and were a pleasure to work in the yards. *Note; 1 x with small scur, not deemed detrimental. *Note; vendor is offering other lines in todays sale being 2 x lots of 81hd of the black steers, 82hd AA hfrs and 82 hd AX hfrs.
