Assessor Comments	Quality line of Angus Heifer weaners. Opportunity to put 82 well bred heifers off the one place back together please see vendors other line of 20 heifers. Heifers weighed into a tight weight range 200-240 kg at assessment. Vendors select the top end bulls at Crawford, Dunoon & Bongongo annually. These heifers are bred from one of the better Angus herds in the Tumut region. With past buyers being happy with how they have performed. Vendors have also done really well with steers in feedlot competitions. Please note the ring worm number is only approximate.
