Assessor Comments	Yarraleun Angus offer a lovely run of 38 Angus steers that are already weaned and on the go. These steers have been running on improved pastures and are now steaming ahead. With Spring just around the corner these are ideal steers to take home, being in forward condition and weight of 310kg. They were purchased in early May in 2 lines a/c the breeder and have all since got a orange management tag to keep uniform and been drenched and vaccinated. These steers were a pleasure to handle in yards and the paddock. Only being sold now to lock up paddocks for sileage. They are a good line of quality steers, that are quiet to handle and already on the improve. There is 1 steer in line with tiny bit of white under jaw and on belly will knock $100 off him or have right to reject him. Couple steers had ringworms that typical of 12 mth old steers doing well that will clear up by themself.
