| Assessor Comments             | Exceptionally quite young steers . Vendor bred & bucket reared on farm, out of a productive line of milkers, by Belgium Blue & Angus sires. Steers that have not been spoilt during an unforgiving start to the year, having been thrown out the back paddock and left to do it themselves for the majority. Ideal lot of little cattle that won't eat much and already know how to take care of themselves! Perfect small investment cattle for the kids, or a hobby farmer wanting some low maintenance lawn mowers. **Vendor also has heifer portion in sale** |                |                                     |
