Assessor Comments	70 EU eligible black baldy steers from the Warra Yadin Herd. These steers, carry plenty of bone and have the capacity to suit feeder steers through to bullocks. They have done well since weaning in tough seasonal conditions and have been trail fed a beef weaner pellet with ad lib pasture hay and straw from mid June and have continued to grow. The majority of these steers were bred out of heifers being sired by Weatherly angus bulls and some from Warra Yadin Hereford bulls. Noted high performance cattle that have always performed well for previous buyers on grass and grain. Two steers observed with a cloudy eye, but not detrimental. Two head with old pink eye scarring. Please note vendor has two other lots of Hereford steers in todays sale. Totalling 193 head.
