	These Cows were an absolute pleasure to handle & assess. I personally mustered these cattle myself on a bike and they were very easily yarded. These cattle flow through the yards well and have plenty of block. A small percentage of Cows when pressured stirred up slightly in yards however when left alone they were very content. When released from yards they all instantly put their heads down and started to graze. Please view videos for full satisfaction.

Assessor Comments	Buyers, on offer is a small but fantastic line of genuine young Breeders. These 14x14 Cows & Calves are all only 4 Years old and one brand. They are great quality Droughtmaster Cows doing a fantastic job on their Calves. These Cows would be ideal for anyone looking for young replacement breeders or anyone looking to boost their Breeder numbers. These Cows present in fantastic condition given the dry winter with calves on them. This is a great opportunity for someone looking for genuine front paddock Breeders. Please note the vendor also has 19 PTIC Cows in the same sale.
