Assessor Comments	Buyers on offer is a line of very good quality Angus cows that are large to very large frame and generally in forward store condition. These are big roomy matrons that still have many more years of breeding in them for a continuation in the F1 Wagyu industry or a return to breeding Angus progeny. Little is known about the breeding history of these cows but a visual inspection will indicate they are from a good herd of females. These are all in calf to a Wagyu bull and his breeding data is attached to this assessment. in calf to registered Wagyu bulls. Vendor also culls hard on temperament and fertility. Please be aware there are also a further 7 Ultrablack cows that can be used to fill up a double deck unit.
