Assessor Comments	Buyers, on offer 49 Angus X Angus PTIC cows. Young cows with 46 being from 3 to 5 years old. Cows are of big frame that come from a herd packed full of Texas, Ascot and Burenda blood with the vendor buying bulls well above average. Cows have been joined with an Ascot bull over a 2 month period. Cows were good to handle at assessment and come from a herd with a very good reputation. Buyers please note, one cow had shortened tail and one cow blight scarring, both not deemed an issue. PTIC cows of this quality from a very well-respected herd rarely become available and are well worth your consideration.
