	A bull that is extremely easy handle through the yards or paddock on foot, either in a group or individually. The quietest bull in the group.			
Handled With	Bikes , On foot , Vehicles			
Assessor Comments	Long Valley T006 was rated highly and used as a yearling to back up heifers in an AI program. His smooth, soft type with good shoulder set and neck extension, supported by his top 3% CE and top 10% BWT EPDs, made him an ideal			

candidate. His early use in the herd slowed his development, but he is catching up quickly, gaining 2.64 kg per day at sale weighing. A standout feature of this bull is his temperament; he is an absolute pleasure to handle. Once again, a strong topline showcases the effective combination of Angus and Black Simmental genetics, offering growth, calving ease, and maternal traits.
