	Heifers were well behaved throughout assessment, Brought from the back yard to the crush by a single, mature aged gent & his dog. A couple of heifers were quite anxious in the crush as they'd been through not 1/2 and hour earlier to be preg tested. No malice behaviour, just some stepping on/off the scales and some weaving. Let out the side gate of the crush, all at a walk, and settled back with their sisters. Quiet to walk around in the holding one for photos/videos.
