	Very well mannered young females. Extremely quiet to handle in and around the yards. Stood like lambs in the crush, and all exited at a steady walk. Lovely breeders that could be handled by a stock person of any experience.					
Handled With	Bikes , On foot , Vehicles					
Assessor Comments	Medium framed females that won't eat as much as a large framed matron, but will still produce a good strong Autumn calf. All carrying a healthy bag of milk and are doing an excellent job with their young calves in very trying seasonal conditions. Good line of young mothers that have the temperament and frame to be best suited to a hobby farmer wanting to utilise some of the incoming Spring feed. Please see photos & video for full contentment.
