Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , Horses		
Assessor Comments	A quality line of Angus, Charolais & Santa cross heifers presenting weaned and handled in store condition. These heifers all display the desired attributes that would make them ideal backgrounders to grow out to heavy feeder weights to fit domestic feedlot specs. These heifers were good to handle through the yards throughout the drafting and assessing process. The heifers in this lot all stand on good frame with plenty of softness and type and would also not look out of place in a breeding operation in time to come. These heifers are the colours out of a line of black heifers that will also be offered in the same sale. A good line of heifers not to be missed.
